Suggestion - Plan for Landscaping:

Please describe your suggestion for improving the Common Areas in detail. Clearly define which portion of the Common Area you wish to landscape. Describe your Plan for each season, including the planting and removal of annuals or maintenance of perennials. Feel free to add additional pages to your suggestion form to accommodate your Plan as needed. Be sure to consider the potential location of buried utilities (near utility boxes, etc.) before submitting your form. The Board may not approve planting locations where utility lines exist or those that do not conform to the guidelines provided in the Policy for Lot Owner Landscaping in Common Areas.

Provide the following information:

- Species of plant/s
- Size of plot (e.g., 8 ft by 4 ft)[1]
- Type and source of mulch.
- Diagram of plot for each season

[1] The Board may wish to adopt some restrictions as to size.
